Pack Your Duds.

"When you all elect Judge M. C. Saulsby governor, we will return to Kentucky," writes Mr. James Frye, of Tulsa, Texas. The prospects of Mr. Frye's returning to Kentucky are monstrous good and he had just as well be packing his duds—Interior Journal.

Examination.

The examination for appointees to the Eastern Normal will be held in the office of the County Superintendent on Tuesday Jan. 4th. All desiring these appointments will please be present on that date.

The examination for Common School graduates will be held in the office of the County Superintendent on January 28th and 29th.

T. B. Robinson Buys Farm.

Hughes & Swinebroad sold to T. B. Robinson, for J. T. Pope, his farm of 130 acres, two miles East of Lancaster, at \$75 per acre.

The many friends of Mr. Robinson will be very glad to learn that he will remain with us, as he is identified with the best interests of the people, and a gentleman of the highest order, and one of the best farmers in Kentucky.

We regret to note that Mr. J. E. Dickerson is quite sick of pneumonia.

Miss Gladys Filsbie is out again after an attack of tonsillitis.

W. I. Williams has moved his law office to the lower floor of the Stormes building on Danville Street.

The Woman's Club met Wednesday afternoon at the home of Mrs. Emma Higginsbottom. The house was adorned in holly and evergreen and presented an inviting scene, so emblematic of Xmas cheer and hospitality.

Cord of Thanks.

I desire to thank our many friends who were so kind to my wife and son during their illness and death, and assure them that the act will never be forgotten. W. H. Blahd.

Court Changes.

The quarterly court over which Judge Ford presides has been changed from a continuous session to a session on the second Tuesday in each month, beginning with second Tuesday in February 1910.

Accident.

Mrs. Sallie Pence's horse took fright on the Lexington pike, near Lancaster, turned the buggy over and ran away, leaving her with some bruises but no serious injury. She was taken to the home of Mr. H. C. Sutton where Dr. J. M. Acton was called.

Wm. Lusk In.

Information has been received from Pecos, Texas, of the critical illness, of a former Lancasterian, Wm. J. Lusk, of tuberculosis. Young Mr. Lusk will be sent to the home of his sister, Mrs. J. Hurvey McDowell, in Southern, Miss., where it is hoped for a change in his condition.

Can you Beat It?

J. Wade Walker killed one hog this week that weighed 700 pounds, from which he made 25 gallons of lard, made 83 pounds of sausage, and the hams after being trimmed closely weighed 50 pounds each. This hog is one of the celebrated Garrard county red hogs, which has been raised so successfully by Messrs Walker, Gibbs, Burnside.

Successful School.

Miss Beale Singleton's school at Sycamore closed December 17th with a very delightful Xmas entertainment and tree. The teacher not only made the occasion enjoyable but impressed us with the true Xmas spirit. Miss Singleton closed one of the most successful schools ever taught here and it is our sincere desire to be able to get her valuable services next year. Myrtle Naylor and Jean Broadus were the fortunate winners of the prizes offered by their teacher, two nice bibles. Sim Clark, Trustee. Judson Ky.

RELIGIOUS.

Elder F. M. Tinder engaged in an interesting series of meetings the past week at Whitts Oak school house.

At a meeting of the W. C. T. U. all of the former officers were retained and are as follows: President, Mrs. Fannie Farra; Vice President, Mrs. Wm. Lear; Treasurer, Mrs. Ed Price; Secretary, Mrs. Samuel Cochran; Corresponding Secretary, Miss Amanda Anderson.

Horrible Accident.

Mrs. Levy Montgomery age about 30 years was so painfully burned on Monday at her home near Mt Hebron, that she died from the effects. She was dressing her baby in front of an open grate, when her dress ignited in some manner and before the flames could be extinguished she was beyond human aid and died in a short while after excruciating suffering. She threw her child upon the bed, thus saving its life. She was the daughter of Mr. Ed Naylor of this county and a most estimable young woman. The burial was at Mt Hebron.

New Firm.

Mr. W. S. Fish, of Paint Lick, has bought a half interest in the insurance business of Mr. B. B. Mahony and will move to Stanford at once. Mr. Fish was formerly a traveling man and is well acquainted with the people of Boyle, Lincoln, Casey and Rockcastle counties and therefore needs no introduction in these counties, which comprise Mr. Mahony's territory. He is a hustler and the two will make a strong team. Mr. E. D. Pennington will look after the office while Messrs. Fish & Mahony are in the field. We understand that the firm is contemplating adding real estate to their business.—Interior Journal.

Death of W. G. Dunlap.

W. George Dunlap, 23 years old, son of W. G. Dunlap, of Lexington, Ky., was found dead in his room in Chicago Sunday afternoon. A gas jet in the room was open and an empty vial which had contained carbolic acid was found beside the body. Friends of the young man asserted that he had been despondent and advanced the opinion that he had committed suicide while in a fit of melancholy.

George lived here for several years and was a bright, popular boy, being related to some of the best families in the country, being a grandson of the late Gen. W. J. Landrum and bearing the same relation to the distinguished lawyer and statesman, Hon. George W. Dunlap.

No Issue Next Week.

As has been the custom THE RECORD will not be issued next Friday December 31st. This gives our force an opportunity to enjoy the holidays, and as a chance to get ready for the new year, however we will be in the office court day to receive Xmas gifts and subscriptions from those who wish to make us happier during the holiday.

Another House made its appearance at Jim House's house last Sunday.

Many compliments are being heard on the home talent show given at the Court House Wednesday night. It will probably be repeated in January.

An election will be held at the Garrard Bank & Trust Co. on Tuesday January 11th, 1910, at 2 p. m., for the purpose of electing the directors to serve for the ensuing year. All stockholders are requested to be present. Respectfully, J. W. Elmore, Cashier.

The happy couple after enjoying a pleasant trip, will move to the farm recently purchased by the groom, near Paint Lick. The Record extends hearty congratulations.

Moore, one of Pendleton counties wealthiest families and a young lady of many accomplishments, being highly educated and a talented musician. The prospective groom is the youngest son of Mr. and Mrs. George B. Harden, of Bellevue, Kentucky, and holds a lucrative position with the Queen and Crescent Route Cincinnati.

ANNOUNCEMENTS.

We are authorized to announce Hon. Harvey Item a candidate to succeed himself in Congress, subject to the action of the Democratic party.

The patriots will soon proceed to elect him. The following calls have been made by Henry R. Prewitt, chairman of the Democratic State Central and Executive Committee:

A meeting of the Democratic members of the House of Representatives is called for 2:30 o'clock p. m. on Monday, January 3, 1910, to meet in the hall of the House of Representatives in the new state capitol at Frankfort for the purpose of organizing by electing a chairman and secretary of said caucus and for the further purpose of nominating a Democratic candidate for speaker, clerk, sergeant-at-arms and all other officers to be elected by the House of Representatives. Every Democratic member of the house is requested to be present at the time and place above indicated.

A similar call for a meeting of the members of the Senate was also made for 7:30 o'clock in the evening of the same day at which time a president pro tempore of the Senate, clerk, sergeant-at-arms and all other officers to be elected by the senate, will be chosen.

In addition to these two calls, Chairman Prewitt issued a call for a joint caucus of the two Houses to be held at 7:30 o'clock on the evening of Tuesday, January 4, for the purpose of organizing by electing a chairman and secretary of the joint caucus and for the purpose of nominating Democratic candidates for the office of prison commissioner to be elected by the General Assembly of Kentucky at its session of 1910.

The celebration of Washington's birthday, or the pomp and display to herald the anniversary of the birth of any earthly king or potentate, sinks into insignificance, when compared with the simple manner in which we celebrate the birth of God in the flesh, over nineteen hundred years ago. The earthly heroes waged war; while Christ is the king of peace and good will to all mankind. His mission had in view peace, good will, and the elevation of the human soul. His coming and reign has done more to civilize, purify and enlighten the world than all the boasted statesmanship and the achievements of armies and fleets combined. To follow him is to build up, to follow the hero of the world is to tear down. Let us observe the day in a happy, cheerful and becoming manner, looking to him as the author of everything that is ennobling in this life, and the only way to life eternal.

Secretaries to Congressmen are again trying to get their names on the regular House payrolls. Each member of the House is allowed \$125 a month for a secretary and the checks are made out to the Congressmen themselves to be indorsed to their employees, but many of them, I am sad, keep the money and hire cheap stenographers. The secretaries have tried before to get on the regular payrolls, but their efforts have been defeated by their employers.

This is like taking candy out of a child's mouth, and should not be tolerated.

The Jessamine Journal, Jessamine News, Wayne County Outlook and Jeffersonian were among the most attractive exchanges that came to our desk last week. Each of them had an artistically arranged colored cover and being check-full of good reading matter, makes us feel that we have the best end of the trade in exchanging with them.

We send good cheer and greeting, not only to our subscribers, but, to everybody, on the approach of Christmas. Let us cheer each other, raise the fallen, try to reform the weak, and manifest the spirit which Christ proclaimed when he said, "Go and sin no more," instead of speaking lightly of the downfall of our fellow-men, which shows malice and hatred, not akin to the spirit of the Christ.

Senator James B. McCreary, who is president of the American Peace and Arbitration League, has done much toward the adoption of plans by which it will become effective, in having ample armament and strict Arbitration. In order to bring about International Peace. He is entitled, as ever before, to the gratitude of the people.

Gov. Marshall, of Indiana, was launched informally in Washington as a Democratic candidate for the presidential nomination in 1912. His name was brought forward in a hearing before the Senate Committee on Privileges and Elections.

General News.

Nelson county went "wet" in a local option election by 653 majority. There are twelve saloons in the county, four of which are in Hardstown.

Dispatches to Dunn's Review indicate that the holiday trade is exceeding all records in many sections of the country, while more uniformly seasonable weather stimulates the demand for heavy-weight clothing and footwear.

Announcement was made at Toledo, O., that J. P. Morgan & Co., of New York, have purchased six independent telephone companies of Ohio and Indiana. The announcement is accompanied by the statement that the purchases were made as an investment and not in the interest of the Bell company. The total cost is said to have been \$10,000,000.

The American Vice Consul at Managua received a pitiful appeal for protection signed by many women whose husbands and sons are enduring torture in prison. Revolutionary anarchists are being thrown into prison by Zelaya's adherents and tortured and their wives and daughters subjected to unspeakable outrages.

The University of Copenhagen, the first institution of learning to recognize Dr. Cook's claims as the discoverer of the North Pole, declared that the explorer had signally failed to prove his claim from the records submitted. Branded as an impostor by many of the leading scientists of the world, Dr. Cook's whereabouts are not even known to his most intimate friends. Dr. Cook's data were said to have been deficient in every way.

The body of King Leopold was transferred to the royal palace at Brussels. The King in his will declared that he possessed only \$3,000,000 which he left to his children. His majesty expressed a desire that no autopsy be performed, and said that "apart from my nephew, Prince Albert, and the members of my household, I forbid anyone to attend my funeral. My papers shall be destroyed or handed to Prince Albert."

The L. & N. has declared a 34 per cent dividend for the last six months, thereby putting it on a 7 per cent basis. It is probably the most conservatively managed road in the country due in a large measure to President Milton Hamilton Smith, whom the Louisville Herald recently wrote up without giving anything correctly except his name—Kentucky Evening Gazette.

The State Bar Association will be host to the visiting Judges of the Circuit Courts of Kentucky on the evening of December 28, when the State attorneys will give a dinner at the Seelbach in honor of the jurists. The visitors will be in Louisville for a part of the week following Christmas in response to the invitation of the Judges of the Jefferson Circuit Court. These invitations summoned the Judges from all parts of the State for the organization of an Association of Circuit Judges. At the dinner no set programme of speeches will be carried out, although there will be several impromptu addresses. Charles W. Metcalf, of Pineville, president of the State Bar Association, will sit at the head of the banquet table.

100 Pages.

The Louisville Times will commemorate its twenty-fifth anniversary by issuing on December 31 the biggest and greatest and most complete newspaper ever printed in the South or West. The paper will consist of possibly one hundred (100) or more pages, eight hundred (800) or more columns of matter. It will be illustrated throughout with hundreds of half-tone pictures. The paper will weigh over two pounds. It will contain among hundreds of special articles:

Important Happenings in the World's History for twenty-five years.

First things in Kentucky history.

Kentucky's timber wealth.

Kentucky's coal supply—Enough for the entire world.

What women have done and are doing for Kentucky.

Complete list of Kentucky Governors.

United States Senators from Kentucky.

The new Kentucky—The old Kentucky.

Thumb-nail Sketches of All Members of the Kentucky Legislature.

Undeveloped Resources of Kentucky.

Kentucky Pioneers, Indians and Mound Builders.

Prominent men of twenty-five years ago.

Kentuckians who are making good away from home.

A horseback trip through Kentucky in 1818.

Education in Kentucky from every viewpoint.

A dream of To-morrow.

A re-tell of Kentucky's Immortals.

A gallery of Kentucky's most beautiful women.

New pictured views of Kentucky's magnificent new State Capital.

An all-day ramble through the Times' many departments to witness the wonder-work of making a newspaper.

Why women should vote.

The Times of this issue, Friday, December 31, will be a history and a souvenir worth keeping for all time. Despite the tremendous extra expense, the price of this great paper will be the same as usual, 2 cents a copy. Add 3 cents to this if you desire it mailed to you direct from The Times office.

As a small indication of the expense The Times is going to in getting out this Twenty-fifth Anniversary Number, it may be stated that the actual cost of the will a paper alone used in one paper is about five cents.

Order the paper from R. E. McRoberts at once, for delivery day of publication. If there is no agent where you reside send your order direct to The Times, with remittance for one or more copies.

The Hardest Test of All

The difference in temperature of a room from day to day affects some pianos. Only the most carefully made will withstand such atmospheric changes

HOW remarkably well made, then, a piano must be to stand the climatic changes of all countries! Such tests are being applied every day to the Hamilton Piano.

It is a great favorite in foreign countries because of its marvelous staying-in-tune quality and because its tone always remains the same under all conditions.

This fact alone shows its wonderfully durable construction—proves it a remarkable instrument at so attractive a price.

We have

F. Ruble's part; thence leaving road and with said Ruble N 84° W 17.52 chains to a stake corner to same in line to Abram Holly; thence with said Holly S 2° W 12.84 chains to the beginning containing Fifty Two and Twenty Hundredths (52.20) acres. This boundary of 32.20 acres contains and includes the 3.20 acres which were allotted to Sarah Spoonamore for her home lot (57 A.) but this boundary of land is the same land described in the deed that was made by John W. Miller, Master Commissioner for the Garrard Circuit Court, to said H. C. Spoonamore and others in the case of Sarah Spoonamore against Hollis Spoonamore and others, by deed now on record in Garrard County clerk's office, deed book No. 12, page 452, but as stated herein the said Thirty Two and Twenty Hundredths of an acre (32.20 A.) included the Three and Twenty Hundredths Acres (3.20 A.) allotted to Sarah Spoonamore for her home lot.

Said property will be sold as a whole, but as heretofore stated the two boundaries above set out are adjacent to each other and to all intents and purposes they will be sold as one boundary. The two boundaries together contain Fifty Seven acres (57 A.) but from said boundaries there is reserved a grave yard which contains about One Sixteenth of an acre and which fronts on the county road and is close to the residence. Excluding the said grave yard the two pieces which are to be sold together, containing Fifty Seven acres more or less, said grave yard is reserved and is not sold.

Said sale is made for the purpose of distributing the proceeds among the plaintiffs and defendants herein according to their respective rights, and the shares of the infant defendants, Ethel Mae and Sarah Josephine Cind shall remain a lien upon the land being interest until the said defendants become of age, or until the guardian of the infants executes bond required by section 403 of the Civil Code of Practice.

TERMS.

Said sale will be made on a credit of six and twelve months, and the purchaser will be required to execute bonds payable with good security to the Master Commissioner, for said purchase money bearing 6 per cent interest per annum from date of sale until paid, upon which execution may issue if not paid at maturity the same having the force and effect of a judgment. A lien will also be retained upon the land sold for the payment of the purchase money.

J. M. ROTHWELL, Master Com'r Garrard Circuit Court. W. L. Williams, Att'y for Plaintiff's. This Dec. 6 1909.

MARKSBURY.

Mr. J. H. Easley has been very sick for the past few days.

Mrs. James Sutton recently sold 32 turkeys for \$72.00. Mrs. Sutton understands how to manage poultry for profit as she usually receives as much clear money from the feathered tribe as an ordinary farmer.

The sale of W. S. Carrier last Saturday was well attended and everything brought splendid prices. Mr. Carrier will move to Lancaster the first of the year.

Rev. Shouse, of Danville, will be over Sunday to fill his appointment at the church. This sermon will close a three years pastorate with the Fork congregation.

Mr. Zick Ekin, although 80 years old, is still fond of the chase. While out for hunting a few nights ago he dismounted from his horse to find his way more clearly when he lost his footing and fell about 5 feet over a cliff, a tree just below him breaking the fall.

Mr. Roht, Speaks has moved to his farm purchased of J. M. Eager.

Mr. Blanks moved last week to the farm bought of Mr. Robert Smith. Mr. Smith will go to Danville to enter the carpenter's profession.

WHY

"1892" Pure Spun Aluminum Kitchen Ware

Is Better Than Agate or Enamel

Because it is sanitary and saves your money, time and health. The genuine spun aluminum ware, stamped with the Maltose Cross, will outlast any other cooking utensils and is guaranteed by the makers for twenty-five years.

It is pure, wholesome and hygienic—no danger of metal poisoning—cannot chip into the food, because pure SPUN Aluminum expands with the heat and will not crack, scale or peel like the old style ware.

Enamel ware is iron coated with colored glass. Heat causes the glass to chip off into the food in minute particles, which, taken into the stomach, is apt to cause serious troubles, including cancer, according to some medical authorities.

"1892" Pure Spun Aluminum Ware is made from solid Aluminum throughout—no coating of glass—and expands uniformly under heat. It cannot crack, scale, peel like the out of date enameled utensils; it does away with all possible danger from this source.

You owe it to yourself, and to every member of the household, to give this new and better kitchen ware a practical test. If it fails to do what is claimed for it, you get your money back without a quibble or a cross word.
